Education Built on Relationships

March 6, 2020

Dear Parents and Guardians,

One of the core values at Linden Christian School is creating a safe, caring learning environment. To achieve this, we have developed a number of emergency response plans that are often reviewed by Administration and practiced periodically, e.g. fire drills and lockdowns.

Knowing that there is potential for the Coronavirus (COVID-19) to present in Winnipeg, senior administration reviewed the response plan that was prepared for the 2009 H1N1 pandemic. A number of revisions were made and include on and off site scenario planning with the goal of safeguarding members of the school community and a plan to provide continued education via online learning.

As shared in my January 31 email, we appreciate your support in reinforcing the importance of good hygiene to stop the spread of illness and by making the decision to keep children who are not feeling well at home to help prevent the spread of infection.

I remain committed to keeping you apprised of new information as it arises and invite you to contact me if you have any questions.

Thank you for your prayers and support as we navigate this complex issue.

In His Service,

Robert Charach,
Principal and CEO
