Education Built on Relationships

March 13, 2020

Dear Parents and Guardians,

Manitoba government officials, including the Honourable Brian Pallister, Premier and the Honourable Kelvin Goertzen, Minister of Education today announced that classes would be suspended effective March 23 for three weeks.

At Linden Christian School, this means that classes will resume at school on Tuesday, April 14.

As shared earlier this month, LCS has been preparing for a disruption to learning at school and plans for continued education via online learning continue to develop. Specifics as it relates to each of the grade groups will be shared next week.

I appreciate there are a number of families that will face child care challenges because of the extended school closure.

Let's uphold the members of our school community and people worldwide in prayer as together we navigate the unique challenges presented by COVID-19.

In His Service,

Robert Charach,

Principal and CEO
