Education Built on Relationships

May 14, 2020

Dear LCS Families,

June 1 Tuition Prepayment and Capital fee

As we approach June 1, 2020, we wanted to communicate with you about the June 1 tuition and capital fee payments.

As part of the regular registration and re-registration process, one-tenth of your annual tuition plus \$350 per family capital fee are due June 1, 2020. Many families have already made these arrangements by providing pre-authorized payment instructions or cheques.

The required June 1 payments are non-refundable and represent your commitment to enrolling your students in the 2020-2021 school year. These payments, therefore, secure your students' space in their specific grades and allow the school to plan instructional staffing and space allocations. The school continues to plan for the 2020-2021 school year by moving forward with the June 1 processing of payments.

However, given these times, we do realize that, for some families, financial challenges may be having an impact on the ability to pay tuition fees for the upcoming school year. We want to do everything we can to help those families. Throughout this time, and continuing forward, we are encouraging families with financial concerns to be in contact with Rob Thornhill, Financial Controller via email, accounting@lindenchristian.org

Thank you for continuing to support Linden through these challenging times. We know that these are uncertain times but with our trust in our heavenly Father, we can face what lies ahead. Please know that we will continue to adapt as needed, always seeking to maintain our focus on a Christ-centered education, equipping our students to grow, learn and serve.

In His Service,

Robert Charach
Principal and CEO

Diana Koldyk
Director - Finance and Human Resources
