Education Built on Relationships

Dear LCS Families,

In Dr. Roussin's news conference this afternoon it was announced that schools in Winnipeg would be moving to the Restricted Level (Orange) effective Monday, October 26. A letter from Manitoba Education confirming this directive followed.

At Linden this means:

- All K-8 students will continue on-site learning with physical distancing of 2 metres to the greatest extent possible. Last week we began to implement additional measures in a number of classrooms to increase physical distance (e.g. removal of excess furniture, exchanging tables for desks).
- Grades 9-12 will attend school every other day for in-class learning. Assignments are to be completed by students at home on the days they do not have in-class learning. This change for SY will result in new cohorts for students in Grades 9 to 11 to facilitate the 2 metre distance requirement. Further details will be shared with SY families tomorrow.
- Teachers and staff who move across cohorts of students, including substitute teachers, will now be required to ensure their masks are medical grade.
- Indoor choir and the use of wind instruments are not permitted.
- All other public health measures are still in effect.

LCS Administration and staff have been planning and preparing for this possibility for some time and are well positioned to respond to the new directives.

We would appreciate your prayers as we implement the new Public Health guidelines.

In His Service,

Robert Charach
Principal and CEO
