Charitable Gift Receipting for Portion of Tuition Fees

A significant portion of tuition fees at Linden Christian School is considered to be a charitable gift. This amount, which has ranged from 46% to 51% of tuition fees in previous years, is eligible for a tax credit in accordance with Canada Revenue Agency guidelines. The Capital fee of \$350.00 is fully eligible for a charitable receipt.

Registration after September 30, 2021

The school is not eligible for government support grants for students who register after September 30, 2021. Therefore, in lieu of this grant, a surcharge of \$6,200.00 per full time student will be levied in addition to tuition fees. Tuition fees and the surcharge will be pro-rated to the portion of the school year remaining, with rates adjusted to the beginning of the month in which registration takes place.
